Re: Focus

Aloha Team Ilima. Our school year is off and running! Thank you everyone for your respective roles with helping to launch our 2017-2018 School Year. These new Monday memos are intended to garner focus and clarity with all that we are tasked with throughout this entire year. Please email or see administration for any questions, concerns and ideas you have for solutions.

Academic Plan:

- Some have inquired about our three-year academic plan (AP). It is found in the teacher's resources folder in the Google Drive.
- The AP details our school's major enabling activities, which span three school years beginning with this school year.
- Please be sure to review it especially as departments request for sub days for planning and collaboration. These days **MUST** include an agenda, which must align to the specific enabling activities within our AP.

Visible Learning Implementation:

- The three-year roll out was shared at our first faculty meeting on August 9. Everyone is asked to review the plan and email administration with any questions, concerns and ideas for solutions. This school year's focus is on Mindframes as well as Learning Intentions & Success Criteria.
- The implementation plan can be found in the Google Drive: [Ilima School Year 2017-2018](#)>>>[Teacher Resources](#)>>>[Visible Learning Resources](#)
- Collective Teacher Efficacy- Our school resume can also be found in the Visible Learning Resources.

August 24 Open House:

- Reminder re: Open House on Thursday, August 24. The event begins at 6:00 pm. Please refer to Mr. Ramiscal's email sent last week on August 16 (4:59 pm) for details.
- Mahalo to everyone who will be participating in this major event. Here is an opportunity to make a great first impression with our 7th grade families as well as support relationship building with our 8th grade students' families. To connect with our mindframes, here is an opportunity to show the **We Develop Positive Relationships** mindframe!
- We will officially share our new updated school website on this day! Mahalo Mr. Ing for your hard work with our previous website and to VP Mr. Ramiscal for helping with the upgrades.
