

ILIMA's WEEKLY CLIPS

Monday's Top Headlines

Breaking Down the Play Calling

3rd down and 11 yards (days) to go. As we close out on this series of our growth mindset playbook, let's review some of the plays that have been happening:

- Staff should continue to adhere to the procedure of signing out when leaving campus
- Staff (EAs and Teachers) should not be “signing out” (leaving) campus during “administration time” - Wednesday and Thursdays

1

CONSTRUCTION

Mon., Tues., Fri. -
2:30pm to 11:00pm

Wed., Th. -
2:00pm to 11:00pm

2

CH. 19 OFFENSES

If a student commits a Class C or D offense, it is the expectation of the teacher to handle it & follow up w/parent.

3

EES C.P.

Don't forget to plan identify at least two (2) pieces of evidence per component for your Core Professionalism.

Upcoming Events:

- EES Conf. - 09/29
- IPDP Due - 09/29
- Year long SLO Approval - 09/29

Visible Learning

THANK YOU to all of our staff who stopped by at Panda's on Friday to support our Drama Club students. We may not be rich in our pockets, but we are definitely rich in our hearts!

"The Greatest moments in life are not concerned with selfish achievements but rather with the things we do for the people we love & esteem." -W. Disney

" We Develop Positive Relationships."

- without prior approval from an administrator
- If the school has sponsored, or provided, a sub so one can conduct professional business (on or off campus), under no circumstance is the individual allowed to leave campus for the day, even if the activity or event finishes early; the sub has been provided so official school business can be attended to; it is not a free day to do as one sees fit
- If at anytime you need to leave work before the end of the school day, please see your administrator for approval and/or clarifications to ensure procedures, policies, and/or agreements are not violated

I. Save the date re: ECET2CK:

ECET2CK stands for "Elevating and Celebrating Effective Teaching and Teachers, Campbell/Kapolei. Our Campbell-Kapolei complex would like to recognize what teachers have done well this school year. On March 2-3 2018, everyone is invited to showcase and celebrate all the bright spots you have worked hard to accomplish. Teacher leaders within the complex are spearheading this forum. Please thank your Campbell High School colleagues Lorna Baniaga-Lee and Ann Tanaka. Also assisting is Cecilia Chung from Kaimiloa Elementary. A handout will be placed into your mailboxes this week and explains additional details. The handout will also include a tentative agenda which runs from Friday, March 2 through Saturday, March 3. The forum will also help teachers network and collaborate with other colleagues! Check it out the information, and we hope to see you there. Email: ecetck@gmail.com

II. Inclusion Supports:

In our continuous efforts to close the achievement gap, we recognize the need to revisit our inclusion practices at our school. As such, administration has collaborated with Complex Area and Department personnel to help assist our school. On October 5, a team of consisting of state DOE and district personnel will be conducting classroom walkthroughs in our inclusion teams. The purpose of the walkthroughs is to provide our school with a third party objective perspective to help support our inclusion practices and address challenges. Time will be allotted to analyze the feedback and come up with a targeted plan of action. Please keep in mind the following dates:

- Oct 5- Classroom Walkthroughs of CIM Teams

- Oct 23 and 24- Co-teaching partners to analyze feedback and devise plan (This two day planning will be held at the McKinley School for Adults).
- Oct 31- Refine Plan (This one day planning will be held at Ilima.)

III. EES Reminders: IPDPs are due by Sep 29. Please email your documents to your respective EES administrator this week. Remember to upload them onto PDE3 once approved. Thanks.

IV. LISC Update- A New Friend: Administration is excited to provide everyone with the support we need to Ilimafy our LISC process. We researched and got only the best for our staff! We would like to share that we have a new colleague in Mr. Steve Ventura. I am confident that everyone will appreciate what he has to say about saving everyone with some time and sanity! Mr. Ventura is excited about the opportunity to help us work towards efficiency with the LISC process. He emphasized the the steps can be reduced to two main steps involving success criteria and learning progressions. Please keep this in mind as administration has taken to heart the constructive feedback by our awesome staff. Please save the date. Mr. Ventura will be facilitating our Jan 31 and Feb 1 PDPs. Prior to then, we will continue to move forward with our VL year one journey with the assistance of our coaches and DHs. Thank you in advance to those who openly shared their feedback with administration. Allow us to reassure you that time will be provided to help process and refine our learning and implementation.

V. Campus Beautification- A New Friend:

Please join me in welcoming a visitor to our school in Mr. Hilton Alves. Mr. Alves is an international artist who is well known for his murals depicting the "perfect wave." He has worked with schools such as Kahuku High & Intermediate and August Ahrens Elementary. Mr. Alves is on a quest to complete 101 murals of the "perfect wave." August Ahrens Elementary School in Waipahu was #24, and Ilima will soon be #25!. Mr. Alves will work with our student artists and any interested staff member who would like to join as he is tentatively scheduled to begin painting the side of the Chorus Room building on Monday, October 16. Mahalo in advance to our Electives Department Head and Art teacher Kerri Fukuda and her students who will be assisting. Check out the website for his amazing work: <https://www.101perfectwaves.com>

“We delight in the beauty of the butterfly, but rarely admit that the changes it has gone through to achieve that beauty.” - Maya Angelou

VI. Construction Updates:

Construction behind I-Building will begin today, Monday, Sept. 25. All faculty and staff members who usually park their vehicles behind I-Building and alongside of the fence line will need to park their vehicles in the parking stalls near the side of the wall. This project will entail the installation of six trees along the new fence, as well as, improvements to the driveway to the back parking lot.

With our renewed commitment to “see learning through the eyes of our students,” I hope you are beginning to see the potential of our school and our students. We will continue to plan for small and frequent wins, and celebrate them often. We know that from John Hattie’s research, 95% of what we do as educators has a positive effect on student achievement; however, what we have to be cognizant of is making sure we are deliberate in our practice. Teaching has never been a random event, and for this reason alone, teaching is hard work. As you prepare yourself for Fall Break, I kindly ask that you reflect on the following questions:

- Do you have the skills to enhance S learning?
- Do you have the will to make a difference?
- Do you have the thrill to motivate our students?

BREAKING DOWN THE #BRIGHTSPOTS:

This past week was a whimsical one indeed! Our first quad of MVPs showed up, determined to provide our Royales with their first positive interaction at school. They know the strength 6 positive interactions (to 1 negative) can have on a student’s learning. So as you make your way in to school, don’t forget to show your support to our future leaders of tomorrow! #GiveaShoutOut #honkifvouagree #supportourkeiki
